

## MOLDING GUIDE

Enhance the appearance of your Expert hardwood flooring and living spaces with our coordinating moldings. These premium prefinished wood moldings are manufactured to harmonize the color of the hardwood floor, not to replicate its look or pattern. They are perfect to match your decor and blend with almost any other hardwood, tile, stone, vinyl or laminate flooring.

**Longueur :** Stair nosing is available in 92" (2.336 mm) long. Reducer, quarter-round, threshold and T-moldings are available in 84" (2.133 mm) long.

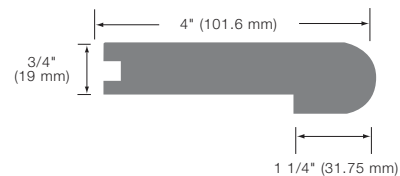

### ROUND STAIR NOSING

Available in brushed or smooth texture.

The stair nosing is used to finish the edge of the hardwood floor where it meets a staircase. It limits the damage caused by the frequency of traffic and preserves the beauty of the stairs. It allows installation flush or with encroachment.

- Solid and 2-ply : 3/4" (19 mm)

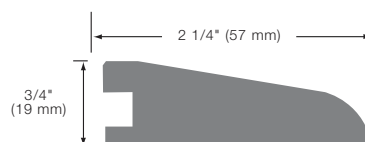

### REDUCER

Available in brushed or smooth texture.

Reducer provides a natural transition between a hardwood floor and another type of flooring of a slightly lower height. It also creates a smooth finish against any vertical surface or where quarter round cannot be used.

- Solid and 2-ply : 3/4" (19 mm)

## QUARTER ROUND

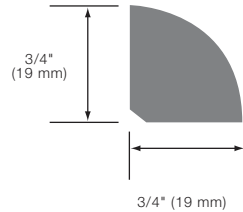

Available in smooth texture.

Quarter round is the classic molding. It is used to cover the remaining space between a hardwood floor perimeter and a wall at a right angle.

Our universal format is suitable for the following constructions:

- 3/4" (19 mm)

## THRESHOLD

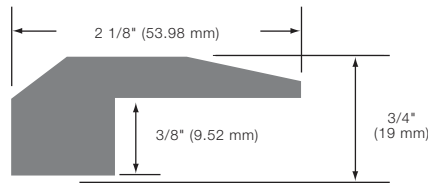

Available in smooth texture.

Threshold neatly complements the space where hardwood flooring ends.

Our universal format is suitable for the following constructions:

- 3/4" (19 mm)

## T-MOLDING

Available in smooth texture.

T-molding ensures a smooth transition between two separate areas of hardwood flooring.

Our universal format is suitable for the following constructions:

- 3/4" (19 mm)
